Mr. Boe:

From the FAA's organizational charts it appears that you now hold the management position with responsibility being nearest equivalent to the Regional Division manager, as described in the PASS/FAA collective bargaining agreement covering bargaining unit employees within the IT Operations Group. Therefore, you are also third step management official for the negotiated grievance process. I would appreciate a reply with the name and address of any contact in the labor relations branch that should receive a copy of any grievance elevated to the third step of the process.

Mr. Fred Stier is designated Representative for the Western Service Area IT Team.

Mr. Stier will designate the Representatives for organizations within the WSA IT Team. I'm designated alternate for Fred Stier if he, and any alternate he may have designated, are unavailable. Either of the PASS Regional Assistants, Joan Matthiesen or Sam Hawk, have full authority to act on my behalf concerning any representational issue involving the Western IT Group and should be contacted regarding any of my representational responsibilities should I be unavailable.

Max HcHatton is designated PASS Regional Safety Representative for ANM.

Ronald Pevehouse is designated PASS Regional Safety Representative for AWP.

Andrew Vanhoozer is designated PASS Regional Safety Representative for AAL.

Sincerely:

  
Raymond G. Baggett  
Regional Vice President
