

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement (MOA) is entered into between the Professional Airways Systems Specialists (the Union or PASS) and Federal Aviation Administration, Western Service Area, Technical Operations (the Agency or the FAA), jointly referred to as the Parties. This MOA documents the agreements reached as a result of Agency's decision to implement coverage of eight (8) hours a day, seven (7) days a week with callback restoration (2K) at the following Long Range Radar (LRR) Sites:

Rocky Mountain SMO - Grand Junction, Lusk, Trinidad, and Rock Springs

Salt Lake City SMO - Cedar City, Cascade, Lovell, Ashton, and Francis Peak

Pacific Northwest SMO - Keno, Makah, and Salem

Sierra Nevada SMO - Battle Mountain

Pacific-Desert SMO - Humboldt

This MOA applies to Airway Transportation Systems Specialists (ATSS) that hold a permanent position of record at one of the above-referenced LRR Sites on the date this MOA becomes effective.

Section 1. The date of the Agency's decision to implement the coverage of 8 hours a day, 7 days a week with callback restoration (2K) at the above-identified LRR Sites will be June 11, 2006.

Section 2. The Agency has determined government (GOV) vehicle pick-up-points for the employees at the identified LRR locations, as contained in Attachment A and effective June 11, 2006.

This MOA becomes effective thirty (30) days after signature of both Parties or upon Agency Head approval, whichever comes first. This MOA will remain in effect until negotiations of a new Collective Bargaining Agreement are completed or six (6) months after June 11, 2006, whichever comes first.

FOR THE UNION:

Gary Hawk
PASS Region III Assistant
